 - TypeScript
 - UI Library [MUI, Chakra UI, Headless UI]
 - Python
 - Git and GitHub
-

Languages

Gujarati

Native speaker

Hindi

Fluent

English

Proficient speaker

Project

E-Commerce

- Designed and developed responsive frontend using HTML, CSS, and TailwindCSS
- Implemented client-side functionalities using Reactjs
- Developed an admin panel for managing products and orders
- Utilized Git and GitHub for version control and collaboration

Mortgage Calculator

- Designed and developed a mortgage calculator web application
- Using chart.js for best user experience
 - Implemented client-side functionalities using Reactjs
- Utilized Git and GitHub for version control and collaboration

TalkGPT - Description Builder

- Designed and developed a Python package to generate descriptions for TalkGPT models.
 - Used Hugging Face's Transformers library to generate text using GPT-3.5 models.
 - Built a user-friendly CLI (command-line interface) for easy use.
 - I can speak to him and ask for a description.
 - Utilized Git and GitHub for version control and collaboration.
-

Soft Skill

As a software developer, some important soft skills to have include:

- Communication skills, including the ability to clearly explain technical concepts to non-technical
 - Problem-solving skills, including the ability to think creatively and come up with innovative solutions to complex problems
 - Time management skills, including the ability to prioritize tasks effectively and manage multiple projects simultaneously
 - Collaboration skills, including the ability to work effectively as part of a team and communicate with other developers and stakeholders
 - Adaptability, including the ability to learn quickly and adapt to new technologies and development methodologies
-
